

Covers fish, shellfish, and seaweed farms — ponds, recirculating systems (RAS), raceways, net pens, shellfish leases, and hatcheries, including live and fee-fishing sales. Commercial fishing vessels use CWCO-SUP-COMFISH. Complete with ACORD 125. Attach a site plan of tanks, ponds, or pens, backup power, and water intake and discharge.

## 2 OPERATIONS

DESCRIPTION OF THE OPERATION (SPECIES, LIFE STAGES, HOW PRODUCT IS SOLD)

**Production system (check all):**

- ☐ Earthen ponds    ☐ Recirculating (RAS)    ☐ Flow-through raceways    ☐ Marine net pens    ☐ Shellfish lease / bottom culture    ☐ Hatchery  
☐ Seaweed / kelp lines    ☐ Aquaponics

| SPECIES | LIFE STAGE | TYPICAL INVENTORY VALUE (\$) | PEAK INVENTORY VALUE (\$) |
|---------|------------|------------------------------|---------------------------|
|         |            |                              |                           |
|         |            |                              |                           |
|         |            |                              |                           |
|         |            |                              |                           |
|         |            |                              |                           |

**Product is sold (check all):**

- ☐ To processors    ☐ Live to markets / restaurants    ☐ Fingerlings / seed to farms    ☐ Fee fishing / pond stocking    ☐ Direct to consumers  
☐ Processed on site

**Size:**

Tanks / ponds / pens     Acres of water or lease     Vessels / work boats     Employees

## 3 EXPOSURE & RISK QUESTIONS — LIFE SUPPORT, POWER & WATER

A Canadian fish farm lost about 95% of its stock when the power and its generator failed and oxygen stopped; the building was insured but the fish were not.

3-1 Does an automatic generator power aeration, pumps, and controls during an outage? ☐ Yes ☐ No  
 IF YES, EXPLAIN

3-2 Are oxygen, temperature, and water-level alarms monitored 24 hours with call-out? ☐ Yes ☐ No  
 IF YES, EXPLAIN

3-3 Is backup liquid or bottled oxygen kept on site? ☐ Yes ☐ No  
 IF YES, EXPLAIN

|                                      |                                                                                       |                                                          |
|--------------------------------------|---------------------------------------------------------------------------------------|----------------------------------------------------------|
| 3-4                                  | Has a fish kill from oxygen loss, temperature, or algae occurred in the last 5 years? | <input type="checkbox"/> Yes <input type="checkbox"/> No |
| IF YES, EXPLAIN <input type="text"/> |                                                                                       |                                                          |
| 3-5                                  | Does the farm depend on a single well, stream, or intake for water?                   | <input type="checkbox"/> Yes <input type="checkbox"/> No |
| IF YES, EXPLAIN <input type="text"/> |                                                                                       |                                                          |
| 3-6                                  | Are tanks, ponds, or pens exposed to flooding, storm surge, ice, or hurricanes?       | <input type="checkbox"/> Yes <input type="checkbox"/> No |
| IF YES, EXPLAIN <input type="text"/> |                                                                                       |                                                          |
| 3-7                                  | Is the fish or shellfish stock itself insured today?                                  | <input type="checkbox"/> Yes <input type="checkbox"/> No |
| IF YES, EXPLAIN <input type="text"/> |                                                                                       |                                                          |

#### 4 EXPOSURE & RISK QUESTIONS — ESCAPES, DISEASE & PRODUCT

*A Washington net pen collapse in 2017 released more than 260,000 Atlantic salmon; the farm paid a \$332,000 state fine and \$2.75 million to settle a Clean Water Act suit.*

|                                      |                                                                                           |                                                          |
|--------------------------------------|-------------------------------------------------------------------------------------------|----------------------------------------------------------|
| 4-1                                  | Are net pens, moorings, or levees inspected by engineers or divers on a schedule?         | <input type="checkbox"/> Yes <input type="checkbox"/> No |
| IF YES, EXPLAIN <input type="text"/> |                                                                                           |                                                          |
| 4-2                                  | Are any species farmed that are nonnative or regulated if they escape?                    | <input type="checkbox"/> Yes <input type="checkbox"/> No |
| IF YES, EXPLAIN <input type="text"/> |                                                                                           |                                                          |
| 4-3                                  | Has the farm had a disease outbreak, quarantine, or stock destruction order?              | <input type="checkbox"/> Yes <input type="checkbox"/> No |
| IF YES, EXPLAIN <input type="text"/> |                                                                                           |                                                          |
| 4-4                                  | Has the farm received a discharge, permit, or water-quality violation?                    | <input type="checkbox"/> Yes <input type="checkbox"/> No |
| IF YES, EXPLAIN <input type="text"/> |                                                                                           |                                                          |
| 4-5                                  | Has shellfish been recalled or a harvest area closed for vibrio, norovirus, or biotoxins? | <input type="checkbox"/> Yes <input type="checkbox"/> No |
| IF YES, EXPLAIN <input type="text"/> |                                                                                           |                                                          |
| 4-6                                  | Do employees work from boats, dive, or work over water?                                   | <input type="checkbox"/> Yes <input type="checkbox"/> No |
| IF YES, EXPLAIN <input type="text"/> |                                                                                           |                                                          |
| 4-7                                  | Do members of the public fish, tour, or buy on the farm?                                  | <input type="checkbox"/> Yes <input type="checkbox"/> No |
| IF YES, EXPLAIN <input type="text"/> |                                                                                           |                                                          |

## 6 PRIOR INSURANCE & LOSS HISTORY

Attach currently-valued loss runs for the last 5 years.

|                           |                      |                      |
|---------------------------|----------------------|----------------------|
| CURRENT LIABILITY CARRIER | LIMIT / DEDUCTIBLE   | EXPIRATION DATE      |
| <input type="text"/>      | <input type="text"/> | <input type="text"/> |

6-1 Has any carrier declined, cancelled, or non-renewed coverage for this operation in the last 5 years? ☐ Yes ☐ No  
IF YES, EXPLAIN

6-2 Has the farm had a stock loss, escape, or equipment failure claim in the last 5 years? ☐ Yes ☐ No  
IF YES, EXPLAIN

| DATE OF LOSS         | DESCRIPTION          | TOTAL INCURRED (\$, ILLUSTRATIVE) | OPEN / CLOSED        |
|----------------------|----------------------|-----------------------------------|----------------------|
| <input type="text"/> | <input type="text"/> | <input type="text"/>              | <input type="text"/> |
| <input type="text"/> | <input type="text"/> | <input type="text"/>              | <input type="text"/> |
| <input type="text"/> | <input type="text"/> | <input type="text"/>              | <input type="text"/> |
| <input type="text"/> | <input type="text"/> | <input type="text"/>              | <input type="text"/> |

6-3 Is the applicant aware of any incident, complaint, or circumstance not yet resulting in a claim that could reasonably give rise to one? ☐ Yes ☐ No  
IF YES, EXPLAIN

## 7 RISK MANAGEMENT & SAFETY

7-1 Are generators and controls tested together under load at least monthly? ☐ Yes ☐ No  
IF YES, EXPLAIN

7-2 Is there a written fish health plan with a veterinarian or biologist? ☐ Yes ☐ No  
IF YES, EXPLAIN

7-3 Is there a written escape and spill response plan? ☐ Yes ☐ No  
IF YES, EXPLAIN

## 8 SIGNATURE & FRAUD WARNING

The undersigned declares that the statements and answers given in this supplemental are true, complete and correct to the best of their knowledge, and that no material fact has been withheld or misstated. The applicant agrees that this supplemental, together with all ACORD applications and attachments, forms the basis of any submission to insurers and may be relied upon by them. Signing this supplemental does not bind coverage. This supplemental is an intake document prepared by Cory Washington & Co. LLC to support carrier submission; it does not itself provide coverage.

**FRAUD NOTICE:** Any person who knowingly and with intent to defraud any insurance company or other person files an application for insurance containing any materially false information, or conceals for the purpose of misleading information concerning any fact material thereto, commits a fraudulent insurance act, which is a crime and subjects such person to criminal and civil penalties. (State-specific fraud warnings apply; see state amendatory notice.)
