STEEL ERECTION / IRONWORKER CONTRACTOR SUPPLEMENTAL

For structural steel erectors and ironworker contractors — framing, joist and deck, metal buildings, precast erection, rebar placing, and miscellaneous and ornamental iron. Crane service uses the crane form; on-hook property uses CWCO-SUP-RIGGERS. Complete with ACORD 125/126. Attach the written safety and fall protection program, a sample erection plan, the equipment schedule, sample contracts, and five years of loss runs.

8 SIGNATURE & FRAUD WARNING

The undersigned declares that the statements and answers given in this supplemental are true, complete and correct to the best of their knowledge, and that no material fact has been withheld or misstated. The applicant agrees that this supplemental, together with all ACORD applications and attachments, forms the basis of any submission to insurers and may be relied upon by them. Signing this supplemental does not bind coverage. This supplemental is an intake document prepared by Cory Washington & Co. LLC to support carrier submission; it does not itself provide coverage.

FRAUD NOTICE: Any person who knowingly and with intent to defraud any insurance company or other person files an application for insurance containing any materially false information, or conceals for the purpose of misleading information concerning any fact material thereto, may be committing a fraudulent insurance act, which is a crime and may subject such person to criminal and civil penalties. State-specific fraud warnings appear on the insurer's application.
