COMMON COVERAGE GAP FOR THIS CLASS

The most commonly missed gap for this class is snow-removal liability. Paving contractors who plow in winter face slip-and-fall claims, and some policies exclude snow and ice work or require it to be scheduled. Contractors should confirm snow removal is covered, write contracts with service triggers, keep plowing logs, and run MUTCD traffic control on every road job.

This checklist is a free educational tool from Cory Washington & Co. to help you review your own coverage and have a more informed conversation with a licensed insurance professional. It is general information only — not insurance, legal, or financial advice, and not a recommendation to buy, change, or cancel any policy. The Core / Prevalent / Situational labels describe general patterns observed for this class of business — what is commonly carried, not a personalized recommendation or needs analysis for your specific operations. Coverage terms, availability, limits, and requirements vary by policy, carrier, and state, and only the language in your actual policy governs what is and isn't covered. Checking or leaving blank any item above does not indicate that you are adequately insured or under-insured. Using this checklist does not create a client, agency, or fiduciary relationship.
